

Loans Moratorium

CVLife (Culture Coventry Trust) is currently preparing to move its collections stored offsite to a new collections facility, scheduled to open in the centre of Coventry in 2026, to facilitate greater access to collections. The collections move will severely restrict Culture Coventry Trust's ability to process incoming and outgoing loans and the Trust will be unable to accept new loan requests during this time, this will not affect loans already agreed or current long term loans.

The temporary pause in loan activity will last until December 2026 when loan requests will be open again, with the earliest loan taking place from May 2027.

You can find information on loans in CCT's Loans Policy, which can be found on our website, in the Collections section.
